- **OILZAP** out performs all other sorbents!
- **OILZAP** requires less material to do the job!
- **OILZAP** gives you 50% more!
- **OILZAP** is the best spill control pad available!
- **OILZAP** is more effective than shop rags!

The best mechanics and technicians use OILZAP pads!

Our Patented Technology Delivers Quality

- One OilZap Pad will absorb at least one half quart of oil.
- Patented layers use a highly absorbent cellulose core to lock in liquids.
- Pad will withstand hot oil up to 210 degrees F.
- Strong, durable construction eliminates risk of pad falling apart or tearing.

OILZAP pads are used everywhere mechanical fluids are used!

| PRODUCT | PAD SIZE | PAD WEIGHT | ABSORBENCY | CASE PACK | CASE WEIGHT |
|---------------|-----------|------------|-----------------|-------------------|-------------|
| OP-1250 Sheet | 17" x 23" | 78 grams | 0.61 quarts oil | 150 Pads | 25 lbs. |
| OPR-9200 Roll | 18" x 28" | 102 grams | 0.81 quarts oil | 1 Roll (133 pads) | 31 lbs. |
| OP-2442 Sheet | 24" x 42" | 205 grams | 1.50 quarts oil | 40 Pads | 21 lbs. |

OilZap Pads are also available in custom sizes and shapes. Simply contact us to discuss your specific absorbent need.

Environmentally Sound: Helps reduce the risk of oil degrading water quality through runoff from vehicle and boat maintenance by absorbing spilled oil, water and other environmentally offensive fluids. Allows you to manage and dispose of these materials in accordance with applicable requirements, for which you are responsible. Certain materials may be deemed solid and/or hazardous waste when disposed. Such a determination may vary based on the nature of the materials and applicable federal, state or local law. The user of this product is solely responsible for determining and complying with the requirements that apply upon disposal of this product. For safe use, do not stand or walk on this product.

OILZAP IS DESIGNED FOR THE TOUGHEST MAINTENANCE AND CLEAN UP JOBS!
